

Action Item Number	Action Item	Statement/Update	Status
GD-6-1-b	Streamline the development review process for employers who meet the key industries as identified in the Economic Development Action Plan.	The Development Continuum (the three departments: Development Services, Economic Development and Engineering) are discussing issues such as streamlining development for key industry clusters, with Council through a Development Policy Mini-Series.	UW
GD-9-1-a	Review the City's Zoning Ordinance to ensure that home-based business regulations and other regulations that affect small businesses support the creation and expansion of local businesses.	An update to the Zoning Ordinance will be built into the future Operations Plan for the Development Services Department	NSOT
ED-5-2	Update the Zoning Ordinance, Subdivision Regulations, Design Guidelines, and other relevant codes and ordinances to reflect new policies and land use category changes in the General Plan.	An update to the Zoning Ordinance will be built into the future Operations Plan for the Development Services Department	NSOT
GD-4-2-b	Review the City's lighting standards to ensure they provide for a safe environment.	The lighting standards are included as Article 10 of the Zoning Ordinance. An update to the Zoning Ordinance will be built into the FY17 Operations Plan for the Development Services Department (need to check with CB)	NSOT
